BUILD LOCAL ALLIANCE
DIRECTORY

August, 2018
Since 2005, the Build Local Alliance (BLA) has fostered hundreds of important connections.

At gatherings, tours, and over the course of conversations, the BLA has brought together wood enthusiasts. These growers, processors, designers, makers, and consumers collaborate, and in-turn create products that celebrate locally-grown wood, bring new products to market, invigorate manufacturing and building, and sustain forests iconic to the Northwest.

While the BLA’s work inspires, educates, and facilitates good discussion and reflection, what we do best is to help make useful connections. This directory is intended to be a resource for this important match-making.

The BLA Directory is organized in six sections based on types of services: Forest Owners and Managers, Processors, Distributors and Retailers, Architects & Designers, Makers, and Supporting Organizations.

The directory shares information about businesses in northwest Oregon and southwest Washington that are committed to growing and using wood from our remarkable native, non-plantation forests. The BLA encourages and supports people in educating themselves and reaching their own conclusions about what constitutes responsible forestry and good wood. More information may be found at www.buildlocalalliance.org.

We invite you to actively use this resource and to help us to continue improving it. Please send directory updates and proposals for new listings to info@buildlocalalliance.org. Ours for the woods!

FOREST OWNERS & MANAGERS
**FOREST OWNERS & MANAGERS**

**Collins**  
*Wilsonville*  
Lee Jimerson  
503.826.5266 | ljimerson@collinsco.com  
http://www.collinswood.com  
Landowner, Sawmill

Headquartered in Oregon and family-owned since 1855, Collins produces FSC-certified wood products that include: hardwoods, softwoods, pine particleboard (Declare Label, NAF Validated), TruWood engineered wood siding and trim. Collins upholds their long-standing commitment to land and resource stewardship with over 311,000 acres of FSC certified forest lands and 6 facilities in the US.

**Hyla Woods**  
*Forest Grove*  
Peter Hayes  
503.241.6479 | peter_hayes@comcast.net  
http://www.hylawoods.com  
Landowner, Forester, Sawmill, Manufacturing, Distributor, Retail

Hyla Woods is a family-owned business operating three, FSC-certified forests in the northern Oregon Coast Range. Using positive impact forestry methods, we aim to grow ecologically complex, economically viable, responsibly operated forests. Our wood is sold in both log form and as finished products, milled in the forest and dried in our solar dry kiln.

**Integrated Resource Management**

SUPPORTING ORGANIZATIONS
Cascadia Green Building Council  
**Portland**  
Stacia Miller  
206.223.2028, 22 | stacia.miller@living-future.org  
http://living-future.org/cascadia  
Non-Profit

The Cascadia Green Building Coalition’s mission is to convene a community of practitioners that are committed to advancing green building practices throughout the Cascadia region.

Coalition of Oregon Land Trusts  
**Portland**  
Kelley Beamer  
503.719.4732 | kelley@oregonlandtrusts.org  
http://oregonlandtrusts.org/  
Non-Profit

The mission of the Coalition of Oregon Land Trusts is to serve and strengthen the land trust community in Oregon.

Earth Advantage  
**Portland**  
Peter Brown  
503.968.7160 | pbrown@earthadvantage.org  
http://www.earthadvantage.org/  
Non-Profit

For twelve years Earth Advantage has been working tirelessly to accelerate the adoption of green building practices in the Northwest. We certify green homes and multifamily buildings across Oregon and SW Washington, working one on one with builders and developers to guide them toward building better.

Ecotrust  
**Portland**  
Brent Davies  
503.453.9166 | brent@ecotrust.org  
http://www.ecotrust.org  
Non-Profit

Ecotrust’s mission is to inspire fresh thinking that creates economic opportunity, social equity, and environmental well-being. Our goal is to foster a natural model of development that creates more resilient communities, economies, and ecosystems here and around the world.

Northwest Natural Resource Group  
**Seattle**  
Kirk Hanson  
360-316-9317 | kirk@nnrg.org  
http://www.nnrg.org  
Non-Profit

Northwest Natural Resource Group (NNRG) strengthens the ecological and economic vitality of Northwest forests and communities by connecting people with the knowledge, skills, and markets they need to steward their land. We offer access to FSC® certification, develop management plans, provide harvest consultation, and more.

NW Eco Building Guild  
**Portland**  
Chuck Dougherty  
pdxchapter@ecobuilding.org  
http://www.ecobuilding.org/portland  
Non-Profit

The Northwest EcoBuilding Guild is a 501(c)(3) community of builders, designers, suppliers, homeowners, and partners concerned with ecological building in the Pacific Northwest. The Guild empowers people through education to transform the built environment for long term sustainability.

Oregon Wood Innovation Center  
**Corvallis**  
Scott Leavengood  
541.737.4212 | scott.leavengood@oregonstate.edu  
http://owic.oregonstate.edu  
Education

OWIC’s mission is to improve the competitiveness of Oregon’s wood products industry by fostering innovation in products, processes, and business systems. A key function of the Center is to serve as the primary link between university research and needs and opportunities in the forest industry.

Contact
Over 75 family forest owners in Oregon offer you natural and handmade products to enhance your lifestyle and improve your well-being. We strive to manage our forests sustainably so they will provide not just the products we sell, but also clean water, wildlife habitat and healthy soils, now and into the future.

Sustainable Northwest

Portland
Paul Vanderford
503.221.6911 | pvanderford@sustainablenorthwest.org
http://www.sustainablenorthwest.org
Non-Profit
Sustainable Northwest brings people, ideas, and innovation together so nature, local economies, and rural communities can thrive.

West Multnomah Soil & Water Conservation District

Portland
Michael Ahr
503.238.4775 | michael@wmswcd.org
http://www.wmswcd.org/
Non-Profit
The forestry program at West Multnomah Soil & Water Conservation District aims to help woodland owners with management plans, invasive species control, and forest health related projects such as thinning. We encourage landowners to explore local markets for their wood.

Wisewood Energy

Portland
Meagan Hartman
meagan@wisewoodenergy.com
http://wisewoodenergy.com
Consultant, Contractor
Wisewood Energy is a leading biomass energy project development firm in Portland, Oregon that outfits institutional, commercial, Tribal and industrial clients with state-of-the-art wood energy systems. Our projects build strong local economies, support healthy forest ecosystems, and lower energy costs.
